THE JUNGLE

What It Means To Us

Our Den

What It Means To Us

Patrick Nicoll and Trevor Flynn

In the jungle the lions form their pride, just as the students of Londonderry Jr. High have formed a trusting, caring, and learning family. This jungle consists of thirty three classrooms, six hundred eighty-eight students and forty-nine staff members.

As you know, the yearbook publishing class has chosen "The Lion Kings" as our theme, based on the popularity of a recent movie The Lion King. In our school we are all like kings academically and athletically. We thought it was an appropriate coincidence that the lion is our school mascot. The name "King" also suggests strength and leadership.

Our jungle consists of the grade seven cubs, who are trying to find their way in a new social setting, the grade eights who are growing, becoming more sure of themselves, and the grade nines who are like maturing young adult lions, learning to take leadership roles. We consider Dr. Brauer as the King of our

jungle.

Our school is active for almost nine hours a day. Some people come to school early in the morning to finish homework and some stay after school for detentions.

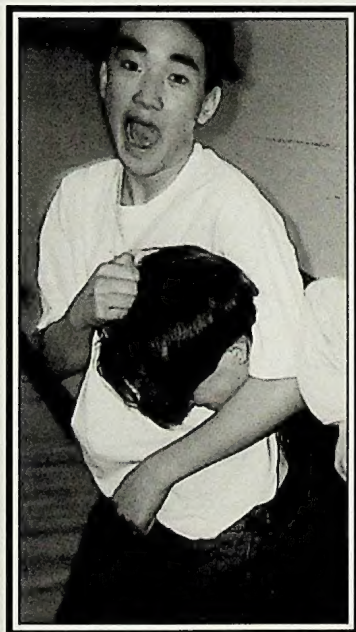

Students who come to Londonderry feel special to come to such a great school. Most people come to Londonderry because of the great teachers. They take the time to help when you need it. Londonderry has become so popular that a lottery had to be held to limit the number of new students. Our wonderful and positive school has enjoyed an exceptional year in many ways! This is what our school means to us!

Hakuna Matata!

(No worries for the rest of your days!)

Hanging out at Camp Maskepatoon.

Todd Cassidy, Bobby Clarke, Matthew Reiter, Kevin Tsen, and Ryan Boumeester sharing a cabin at Camp Maskepatoon.

David Loo starting up Scott Hubbert's brain.

Debbie Mikitka, Sanja Kalina, and Jodi Kratchkowski study hard for Mr. Hofmann's "Unpop" quiz.

The Cubs

Cubs at Londonderry

Bailey Thorpe

As I look back on the days leading up to the start of grade seven, I remember how worried I was. Would I fit in? What to wear? What to say and how to act? It's very scary entering a new school. New teachers, new friends, and new activities. We never know what to expect!

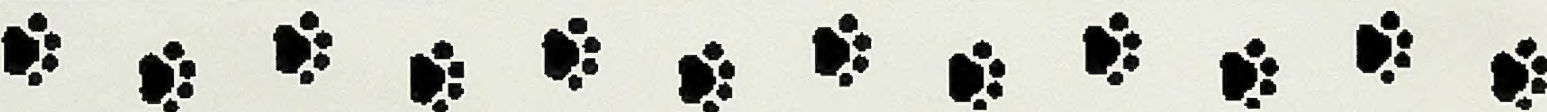

The first school event for us was the three days at Pigeon Lake. That's where you really get to know people and make friends fast. Great start.

Throughout the year we have enjoyed participating in school

activities. We got into shape with intermural - basketball, volleyball, tug of war and the annual turkey trot. We danced the hours away at our school dances. We had fun with candy grams, computer cupids and the penny drive, raising money for various causes. Dressing up was a favourite for many grade sevens - with Pyjama, Green and Plaid days, and of course Halloween. We even won some prizes.

As the year is coming to a close I realize that everything about grade seven turned out OK - good friends, good fun, good teachers!

THE JUNGLE

Kings in Waiting

Our Den

Kings in Waiting

Scott Koladich

The Grade 8's at Londonderry are in the middle: almost kings, but not cubs anymore. We understand the laws of our little jungle and we usually obey them well. This year's group of Grade 8's is a group I'm really proud to be a part of. We may have our own little problems and other things, but we're usually a pretty good bunch.

Dr. Brauer, our principal and leader, occasionally calls us in together for group sessions where we can learn from his experience. He helps us all along by dictating our rules and guiding us along when we step a bit out of line.

I think we all probably appreciate everything we're given as students of this school. As one of the safest, yet biggest, schools in the city, I'm pretty proud to play a little part in our own pride. Actually, I think we're all amazed at how safe our school is, despite the large size.

The Grade 8 Lions have a lot to be rewarded for. They help all the students, without prejudice or concern

for what they look like or who they are. Just go to any Positive Student Recognition awards ceremony and see the amount of Grade 8's that show up to collect their rewards, some for the littlest things, some for great feats.

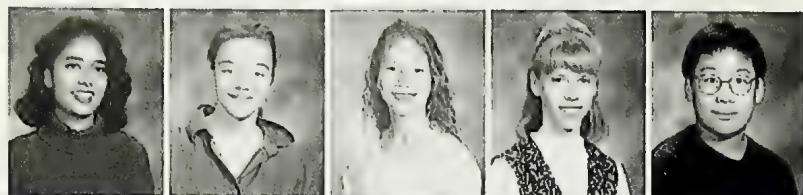

Nicole Severin, Sherri Oko, and Trisha Piasetsky dressed up for P.J. Day.

THE JUNGLE

The Kings

Our Den

THE KINGS

Jason Tsang, Mark Andriashek, Ashwin Chandra, Davnesh Sharma, Hafiz Chaglani, Emmanuel Tombe, Michael Sutherland

Now is the time that the Grade Nines give up their thrones to the Grade Eights and roar into high school. Over the past three years we have experienced being cubs, half-grown lions, and now we are the Kings of the Jungle - an awesome responsibility!

Grade Nine has been a year of leadership, excitement and hard work. We have taken the responsibility on our shoulders in school activities, including Grad Committee, Peer Coaching, and Student Council, working as one big family. We've also had a lot of laughs, such as the Social Dance Contest. It was fun because we took so long learning the dances and finally got to "strut our stuff!" The Tug-of-War was a "blast" too! The Grade Nine Grad was a bone-shattering, ice-cracking experience! All the Grade Nines pitched in to make it a momentous event and our teachers contributed extensively.

Grade Nine has been an

unforgettable year with fond memories of the students and the teachers. We will always remember the way we worked together and our experiences at Londonderry.

High school will be a new jungle for the Kings. We are excited and apprehensive, but we're ready!

Elssa Yau and Nathan Sitek dancing their way out of school!

Soon to be famous scientists Samantha Koladich and Cindy Le working on the project of their life!

Look at those studly men!

Learning the Language

Amber Germain

Nouns, verbs, adverbs, prepositional phrases, sentence structure.... it never quits. Language Arts is probably the most important subject of all. The L.A. rooms are full almost 100% of the time. On our 6 day rotating schedule we get L.A. 6 times.

The L.A. teachers are Mr. Liska, Mrs. Kjenner, Mrs. Haug, Mrs. Bluett, Ms. Chizen, Mrs. Billey, Mrs. Elniski, Mrs. Fedorak and Mr. Smigielski, but for a large portion of this year Mrs. Cook substituted for him. Although many people think L.A. is unimportant, if we didn't have it we would never learn the proper way of speaking, writing, spelling, reading and roaring!

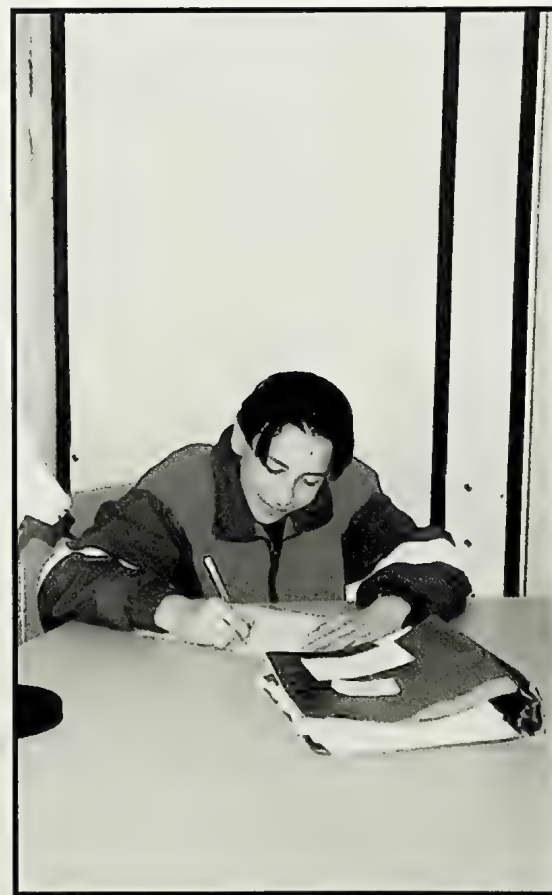

Bryanne and Nicole: working it out!

"Smile," said 7-6.

What's the matter, Rachel? Dennis and Tyler embarrassing you?

Daniel Holly hard at work (for once)!

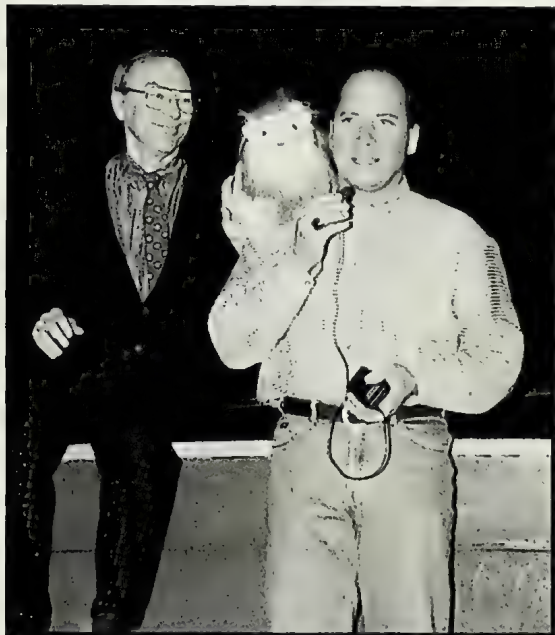

The Figures Of Our Circle

Sarah Chodak

Mathematics is the class of the future and past. All of the students in Londonderry Junior High take math at least six times a week in the math co-op or another of the six math class rooms. Eight teachers are assigned to guide us through this subject. There are Mr. Paholek, Mr. Acheson, Mr. Bigoray, Mr. Mosychuck, Mr. Gomez, Ms. Pon, Ms. Sim, Ms. Rissling. Some students participated in the math contests that were held as class was going on, three times during the school year.

Most of our year held great laughs, like the pink elephants that stormed the walls of the math co-op one night. Our time in math class also held a sad goodbye as Mr. Franchuk left us for the Edmonton Trappers. The grade nines and advanced grade eights had fun writing the departmental final while the rest of the students study for their year end finals. I think that all of us are glad we had math at Londonderry with the teachers we had.

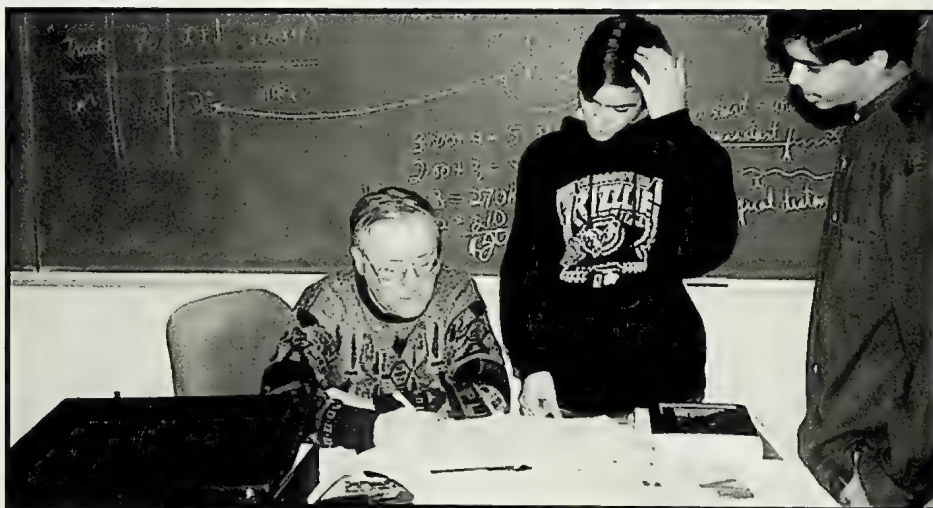

"May I have your autograph?"

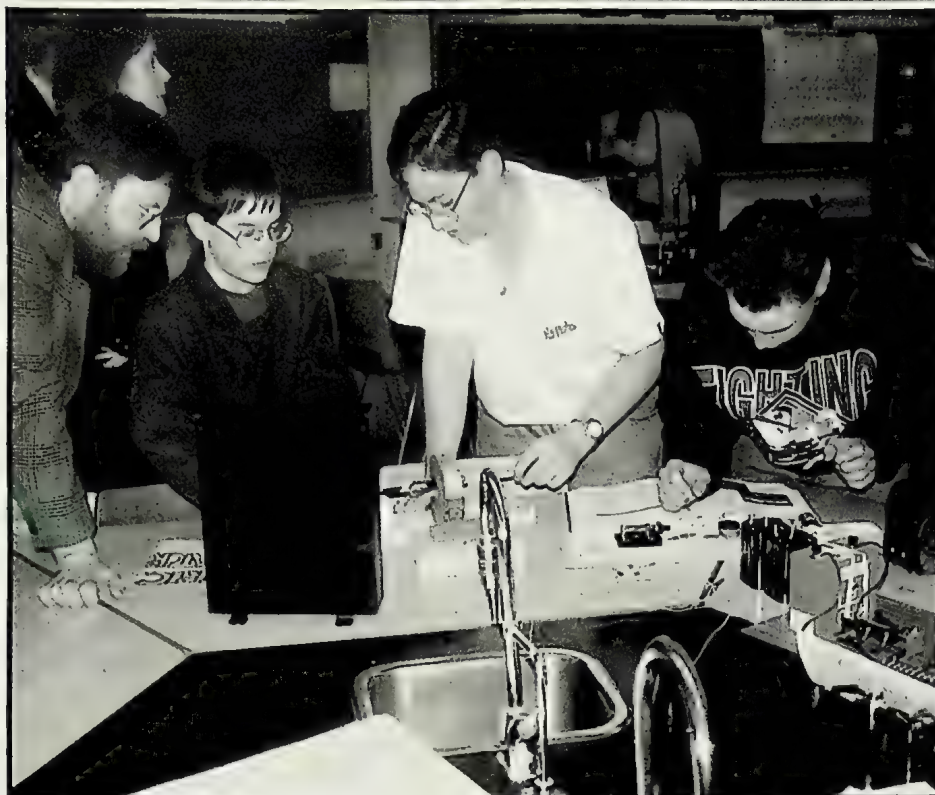

Mark Rasko and Mr. Bigoray pondering a difficult problem.

Miss Chizen strikes again!

Mr. Franchuk: good bye and good luck!

explosions in the jungle

Explosions in the Jungle

Trevor Flynn and Patrick Nicoll

When people think of science, they think about how things work and why they work that way. Londonderry takes pride in boasting about our excellent science teachers: Mr. Buchynski, Mr. Atwell, Mr. Blashko, Mr. Buchanan, Mr. Hill, Mr. Gomez, Mrs. Rissling, and Mr. Straughan.

The memories of science classes this year are still fresh in most of our minds. Most of us will remember Mr. Buchynski's terrible jokes (unfortunately). For instance, he made Chris Gignac sing "I'm A Little Tea Pot" with all the body actions in front of the class in order to let him complete some blank questions on a test. A lot of Lions have had the exciting experience of being in Mr. Atwell's classes. His unique ways of teaching keep a student interested in science class.

In conclusion, the science classes this year were actually pretty amazing and interesting, and I hope that the classes next year can even come close to approaching this year's standard of excellence.

Lions Around the World

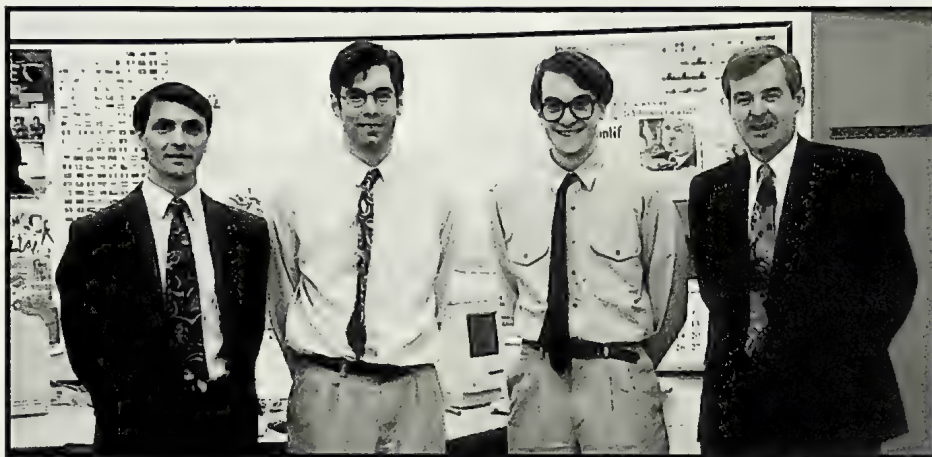

Chad Forcier & April Shelley

This year everyone learned a lot in Social with the help from four Social Student teachers and ten regular Social teachers. We give credit to them for their great work in helping the students in learning the basics of Social Studies.

Some of the teachers that teach Social Studies include Mr. Newell, Mr. Hofmann, Mrs. Haug, Mr. Smigielski, Mr. Liska, and many others. They have helped all of the students on their work, and they've done a good job.

"Social Studies students are curious and like to be active," said Mr. Hofmann about what the students like to do in Social Studies. "Student centered activities are their favorites."

In general, this year in Social has been one of the best, and all of the students in the school, I hope, enjoyed it greatly. I look forward to another year of Social Studies.

Kirk and Micheal putting their pencils to the paper, and racing to beat the clock.

Charles helping out a friend with his Social.

Mr. Hofmann, Mr. Laniuk, Mr. Ouimet and Mr. Newell laughing at something.

A few Grade 9 people studying(?) Russia.

Mr. Smigielski's restless Social class.

Physical Education

Jamie Ho and Mark Andriashek

For most of the lions, physical education means competition, a challenge, and a whole lot of fun. Ms. Wilson, Ms. Kjenner and Mr. Thorpe help us when we need coaching because now most of us are pros at every sport, and without their help, most of us young, budding athletes would be nowhere. The teachers make the physical education class work together properly.

Throughout the year we've learned many different things in Physical Education including volleyball, basketball, soccer, wrestling, football, rugby, floor hockey, swimming, slowpitch, track and field, and many other sports. It's because of this that most of us have a wide repertoire of athletic abilities.

This year in physical education has been challenging, albeit excruciating. Most of us learned a lot, and had fun along the way.

*"Patrick and Melissa, sitting in a tree!
D-A-N-C-I-N-G!"*

Class 9-7 celebrating their victory.

Miss Wilson taking a quick inventory (of the girls, that is.)

Greg Sales jammin à la floor hockey.

It's A New World In The Jungle!

Emmanuel Tombe and Hafiz Chaglani

Computers have been a blast for many students at Londonderry this year. Students basically go through different groups and programs throughout the year and gain experience. This year we had 92 computers. Our school just purchased ten more computers, which are more advanced than the ones we had last year.

The computers have a variety of programs installed to assist the students in completing their assignments. This year, Londonderry has an Internet address (ljhs@freenet.edmonton.ab.ca) which enables us to communicate with approximately 40 million people who are on the Internet.

Mr. Kuchta and Mr. Antoniuk, our computer experts, give students supervision along with other teachers, who often stay in at lunchtime to keep the computer room open. Without their time and effort, many students would not have gained important computer skills that will help them in the future.

Trevor Flynn whips up some graphics while working on one of the school's latest additions to the computer fleet.

The computer lab at lunch: it's a jungle out there.

Amy Hawryluk and Rajah Asfour computing their heads off.

Mr. Liska supervising lots and lots of air.

The Art Of Our Lions

Sarah Chodak

This year, Art was an exciting subject to be in. Two teachers taught Art in our school, they are Ms. Bowen and Mr. Straughan. Mr. Straughan is usually known as the I.A. teacher but took on the job of teaching grade seven Art this year. Though he has taught art before. Ms. Bowen is new to our school and teaches the grade eights and nines Art. Last year Ms. Bowen taught English 13 at M.E. Lazerte and worked as a supply teacher for the Edmonton Public School Board. Before teaching, she was a graphic artist at the U of A Hospital for 14 years.

So far six out of the 175 students that take Art have received 100% on their report cards for term marks. In conjunction to high marks many students have had their Art displayed at the A.T.A. building and the Edmonton Public School Board building.

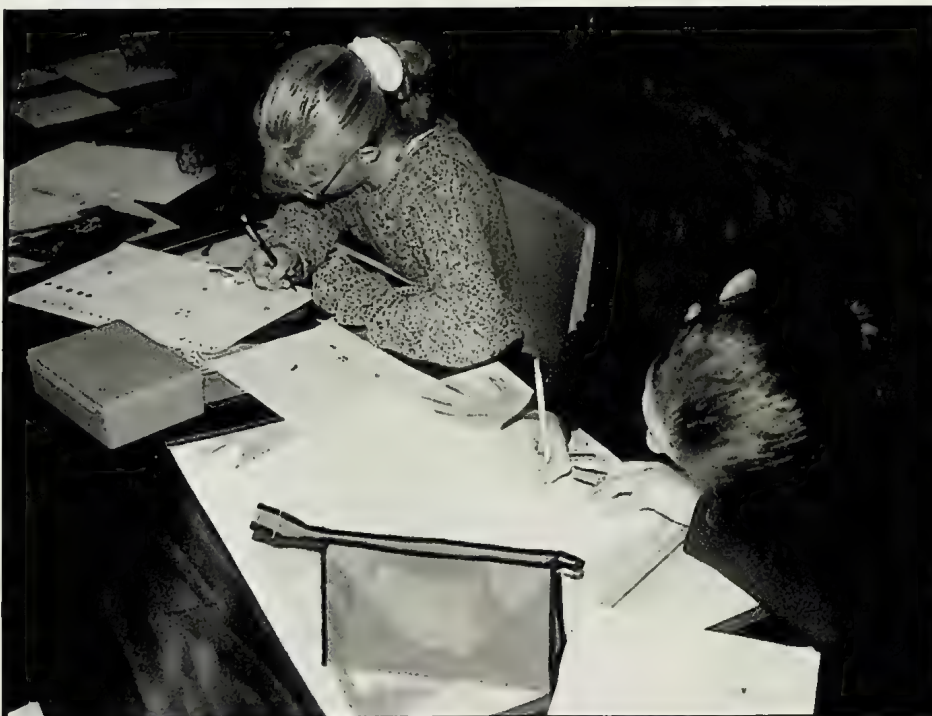

"I hate my face in the mirror! It always looks too pale."

Heh! this is fun now that I'm getting a hang of it.

This clay is sure fun to mold!

Where is that eraser? Where is it?

It's sandpaper not \$ 20.00

Lights, camera, and ACTION!

Jennifer Triska

This year was a very productive year for Drama. The four grade seven classes played cooperative games, sang and danced in musical theatre, wrote then video taped their very own television commercials, and created an original radio station. The four grade eight classes were involved with choral speaking, improvisation and theatre sports, musical theatre, mime, radio plays, costume make-up, juggling, and stage fighting.

I think Anita should cover up that huge, gaping scar.

"That's my baby! I want my baby back!"

"Oh no!!! That scary old man is going to attack me!"

Come on lets see you act!

and the band roared on

And The Band Roared On...

April Shelley and Patrick Nicoll

We agree with Mrs. Wedler when she commented that band students are committed, conscientious, musical, and a lot of fun. This accurately describes the hard working band students. This year the grade seven band went to band camp and the grade eight and nine band went on a trip to Jasper in April.

The Band, on the 1995 Jasper band tour.

Here's Lenka playing with her long, tall bass clarinet.

Karim's beating something. He's got...THE STICKS!!!

It's the Jazz Band, jammin' with some funky grooves. That bass sure makes Cindy look small.

Mrs. Wedler snapping to the rhythm and the beat of the band.

the different kinds of roars

The Different Kinds Of Roars

Amber Germain

The main language of Londonderry is English, but when you walk into Mrs. Hudson's or Miss Sim's room it's French. Sometimes when you walk into Ms. Chizen's class it's Ukrainian, and if you go to the library at the right time, it's Mandarin with Mrs. Cheng.

Almost all the students in the school are involved in a second language program; only a small population isn't. There are 2 levels of French, beginners and intermediate. It's the same for Mandarin, but with Ukrainian it's a bit different. So now you know a little more about the many languages of Londonderry.

It's Miss Sim. She's teaching French. Need I say more? (No.)

Jackson's standing up in front of the Mandarin class. Why? I do not know.

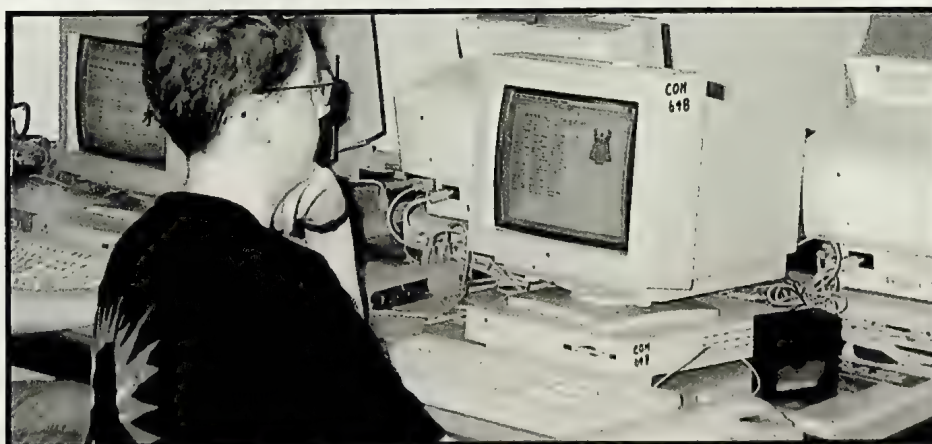

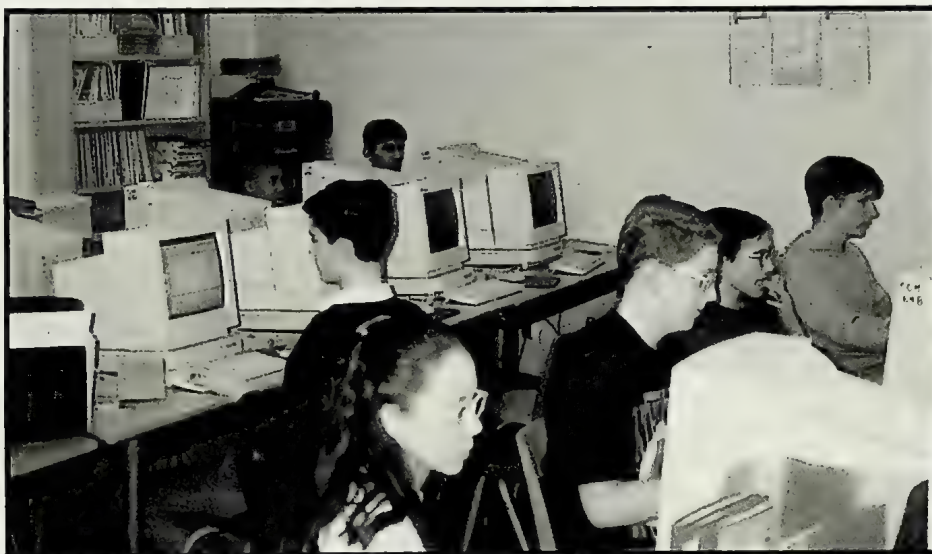

The Mandarin class. A rear view; you can see Joey's face, though. I think he's talking to somebody. Nothing new there.

The Feast of Epiphany with Miss. Chizens Ukrainian class.

It's the Newsletter class: the radiant Kris Nouwen, the...interesting Kelsey Brown, the indifferent Danny Summers, the eponymous Mr. Kuchta, the timid Heather Koch, the egocentric Shawn Brown, and, last but not least, Ashwin Chandra.

The Lions...Up To Date

Ashwin Chandra

The Newsletter class was responsible for producing the school newsletter every month. The students were exposed to the various aspects of putting the newsletter together—typing in articles, creating advertisements, setting up pages—the various tasks of desktop publishing. The students had a lot of fun and learned how to work as a team in producing an important tool for Londonderry school.

Danny Summers, in his natural habitat; he's working up a storm.

There's the Newsletter class. They're at their computers (apparently.)

Meet Martin's magnificent head. He, obviously, is laying out the newsletter.

the jungle's burnin...er, cooking

Burning Down...er, Cooking In The Jungle

Jennifer Triska

This year our Home Economics classes were buzzing with excitement. The four grade seven classes made pin cushions and aprons in the sewing department while cooking pancakes, flips, tacos, and muffins. Home Economics is mandatory for grade sevens as an experience in life skills and as preparation for the option in grades eight and nine.

The four grade eight classes cooked pizza, some main dishes, and they did a little bit of baking. They made sachet hearts, quillows, boxer shorts, and animal baskets in sewing. The one grade nine class sewed slouch bags and wind-socks.

"That's an, um, I don't know, breathtaking creation, Curtis and Chris."

This sewing student is, apparently, making her own apron.

"Is it just me, or are they looking at my butt?"

She'd better not run with those scissors. Scissors are an accident waiting to happen.

This is a sewing student. She's using a sewing machine. Sew what?

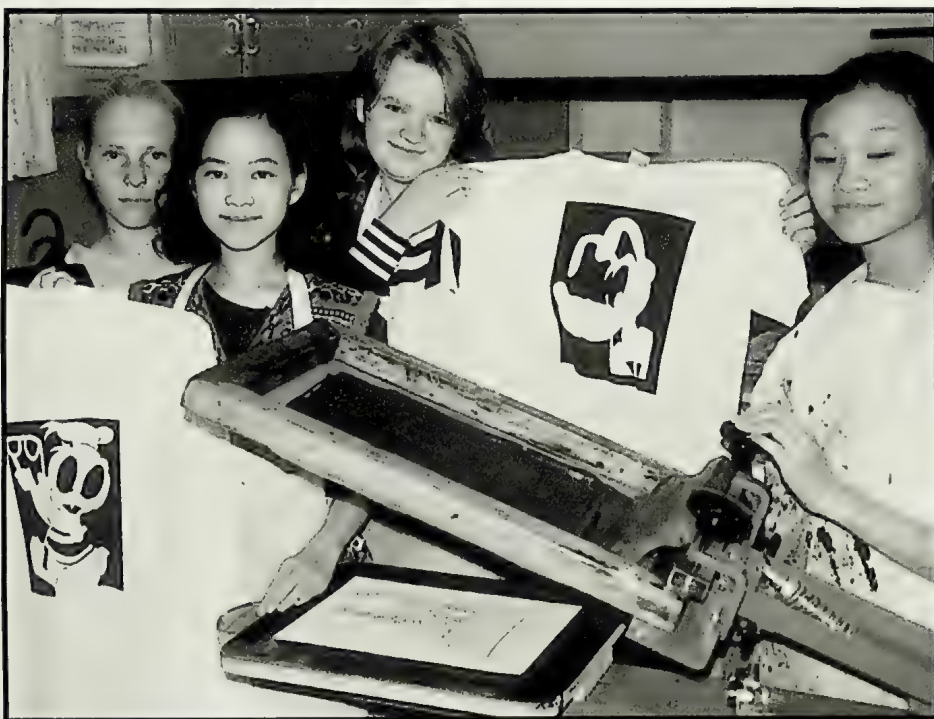

Watch Your Fingers!!!

Mark Andriashek, Jason Tsang

Our Industrial Arts lab is one of the best in Edmonton, and we have the projects to show for it. Industrial Arts in our school is separated into half years, you'll be with Mr. Straughn for one of the half, and Mr. Antoniuk for the second half. With Mr. Straughn, you work with woods and metals. You get to choose your own project to work on. You get to work on a lot of skills in here with tools and machines.

The second half of the year you get to work with Mr. Antoniuk. In silk screening you can make a shirt of your own design. Electricity lets you experiment with circuit boards and their components. Desktop Publishing lets you make your very own customised business card!

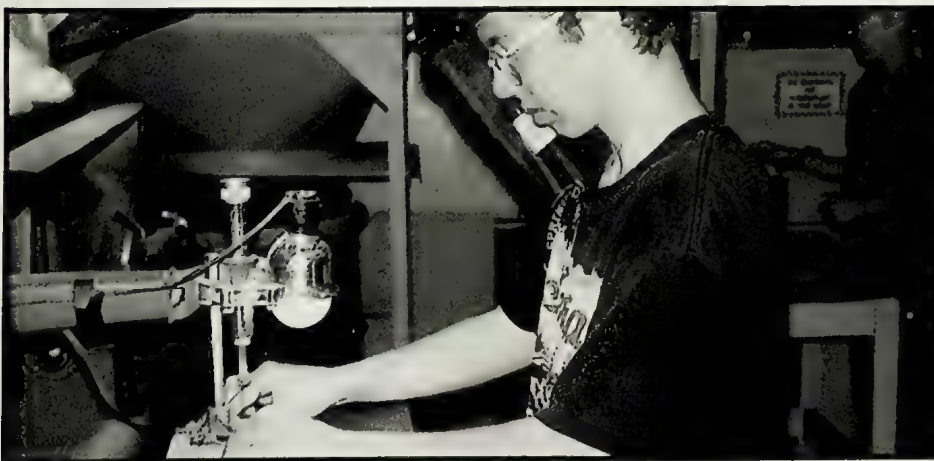

Mr. Straughn showing some other students how to use a drill press.

Screen printing pros, Jennifer & friends.

"What is it??? Gimme a hint!" Cory's looking at the enigmatic metal object.

Micheal Pereira cutting something (hopefully not his fingers.)

Social Services

Jessica Hayduk

The grade eights got a chance at Social Services this year as well as the grade nines. In Social Services, students in grade eight and nine go to different schools and businesses to help out with whatever work is needed to be done.

The grade eights this year were limited to schools. Some of the students went out to elementary schools such as Kildare, J.A. Fife, Belvedere, Lago Lindo, and York. The schools responded well to the idea of grade eights joining into the Social Service program. They said that they worked well with the children and really enjoyed having them around the class.

The grade nines got to go to some schools Dickensfield and St. Micheal's Extended Care Centres, Londonderry Mall, Sports Check, Belvedere Lodge and some got to stay at Londonderry school.

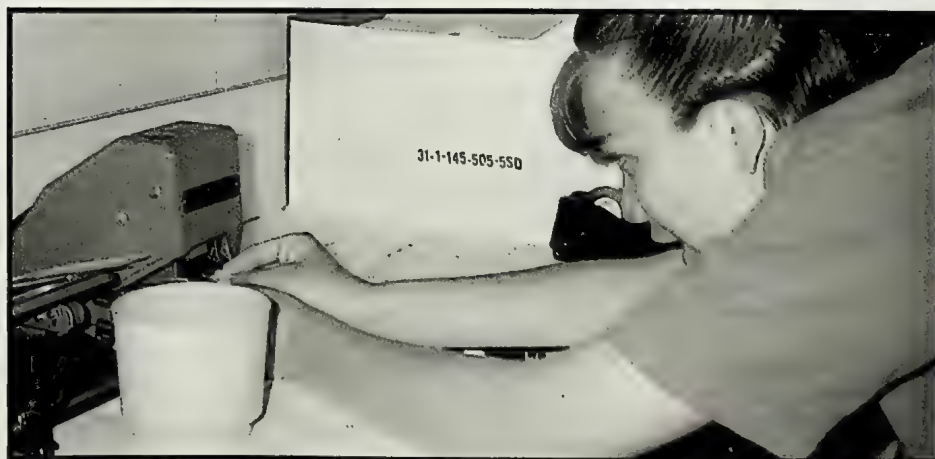

April's copying something for Mrs. Lumsden at York School.

Mrs. Hudson and her little helper, Amber Germain.

Jennifer Triska getting a picture taken with Enviroclude™.

Kim is sprawled out over a counter at York; I think she's got her hand caught in the electric stapler. (Uh oh!)

Choral Music

It's the Choir. They're looking somewhat subdued.

Our Choir in the Drama room: a frontal view.

It's the Christmas Breakfast, and the choir is making everybody cheery with their unique renditions of classic Christmas songs.

The choir going through their movements.

At the Grad....singing "The River"

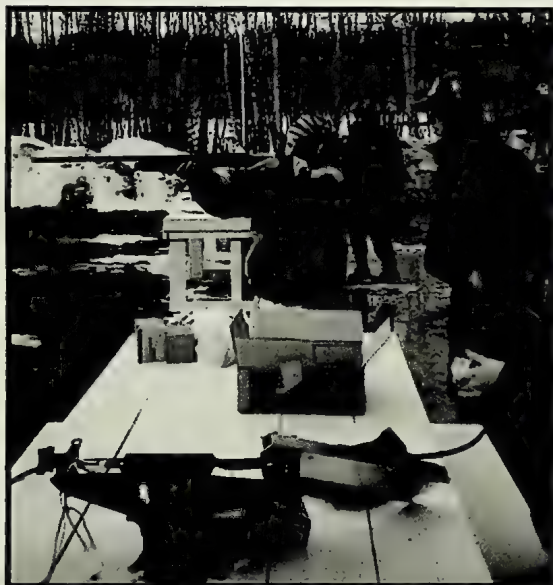

Lions: In Their Natural Habitat

Chris Gignac and Matthew Petruk

This was a great year for the outdoor education students of the school. They went on two camping trips this year. At the camps are lions learned survival techniques of all kinds. We learned canoe skills, firearms safety, fire building and orienteering. On one of our camping trips we had to sleep in leanto's and boy was it fun. On that trip we also went on a trip to the gun range. After a introduction by the ranger we were sent to the shooting range. The guns we shot were 12 gauge shotguns and .22 caliber rifles. On the other trip we went out to Cadomin. On this trip we brought our mountain bikes; well, at least most of us did. This year everyone had fun in outdoor education and we hope the same thing will happen next year.

It's the Grade 8 and 9 Outdoor Education students at Narrow Lake.

Another snapshot of our Outdoor Ed students: this time at Cadomin, together yet again, for what will be one of their few yearly excursions.

The Outdoor Ed spelunkers; way down below.

It's Bobby, Matthew, Darryl and Sheldon in their own little hideaway.

Chris is shooting something: Mr. Gomez? Nah. (We hope.)

Lions Preserving Memories

Scott Koladich and Trevor Flynn

"Rush, rush, rush, rush, rush..." A yearbook student's description of a typical yearbook class. In yearbook, we spend a lot of time working under the gun, with ironhanded deadlines and strict quality control guidelines, and 453 yearbooks which all have to be mistake free.

At the beginning of the year, also, four lucky delegates got to go to the Friesen Yearbook Seminar to learn about the layout and production of yearbooks. We got to miss a day off school, and there was lunch in the deal, too!

Later in the year, three people were lucky enough to go on an article writing seminar.

"There were a lot of separate seminars going on; At first, Layout & Design," said Trevor Flynn, one of the students chosen to attend. "I also went to a sports writing seminar and the news writing/ interviewing seminar. The seminars were very informative, and the people actually behaved! The audiences showed a lot of interest in the topics presented."

Then, there were the "Prize Pak" draws. Sure, they had been held once every week since the beginning of the year, but the big ones came in early April. We gave away a Jet Boat Tour (won by Nigel Claffey of 9-6), a portable CD player (won by Dubrena Myroon of 9-7), a Pocket Organiser (Davnesh Sharma, 9-3), and a Polaroid Camera (won by Marlene Mureira of 7-8.)

This wasn't the end, however. Seeing how no Grade 8's were chosen, Mr. Antoniuk decided to give away just one more prize: a West Ed. Choice Pass, won by Chris Gignac.

This year in yearbook was a fun, but hard, class. It will be remembered by the students for a long time.

Scott Koladich at the Friesen Workshop.

Sarah Chodak and Jenifer Triska poppin' for the Lion Kings popcorn sale.

Marlene Mureira with her new Polaroid Camera.

Dubrena Myroon all excited about winning a portable CD player.

lions leading the way

Lions Leading The Way

*Mark Andriashek,
Jason Tsang*

Our school definitely has a bunch of great athletes! We pretty much participate in everything, from volleyball to indoor floor hockey. Over the past few months a lot of people at lunch time run off to the gym to compete in intramurals.

We started with the tug-of-war, a lot of people showed up fighting to be the strongest! But the strongest classes to survived the war was 7-2, 8-1, and 9-2. The next thing that we started to do was volleyball, a personal favourite.

The turn-out of people was really great! I think I saw almost everyone out there at one time or another. We also participated in sideline basketball, a really fun version of basketball. Even people who are subbing out can participate! Another one was indoor hockey, a lot of teams from all of the grades showed up to participate! Teams from Oriental Power to the Stud Club. Londonderry intramurals are a lot of fun! The Physical

Education Leadership was a great help to the intramural, giving up their lunches to look after the ball sign out and officiating the games.

The Physical Education Leadership is a really great option at Londonderry for all Grade Nines. Everybody who takes it will enjoy the satisfaction of taking charge of a situation, learning to be responsible and just having a great time.

Brian Mah with a fabulous save.

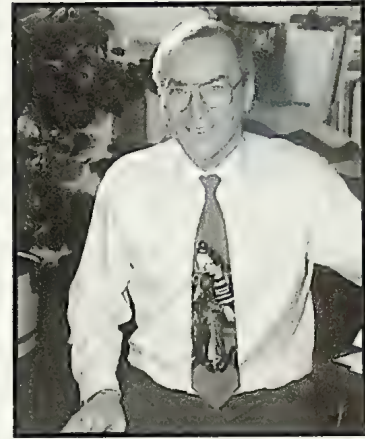

Paul Punia, Randy Tsen, and Scott Thomson waiting and having a great time.

Katherine Bouska, Miss Wilson, and Justin Butlin all cheering on their team.

An astounded crowd waits for their teammate.

older, wiser and...kingier?

The Kings Court

*Hafiz Chaglani
Davnessh Sharma*

The senior boys basketball team got off to a bouncing start! They won 8 games and lost 3. The team had been involved in three tournaments in which they placed second in one of the competitions. Unfortunately, the boys couldn't win the championship but they did place 3rd in their zone.

The boys were defeated by J.D Bracco in the semi-finals. The most valuable player on the team was Rob Horner who averaged 25 points a game.

The game in which they had the most points was against

Rosslyn team 2 where they scored 106 points. The boys had their season low of 63 points when they were defeated by Rosslyn team 2.

The Londonderry Lions were coached by Mr. Thorpe, Mr. Hofmann, and Mr. Buchynski. They were really proud of their team this year. Hopefully, next years team can bring out the same performance as this years team!

What a shot by

Rob Horner waiting for a rebound on the shot.

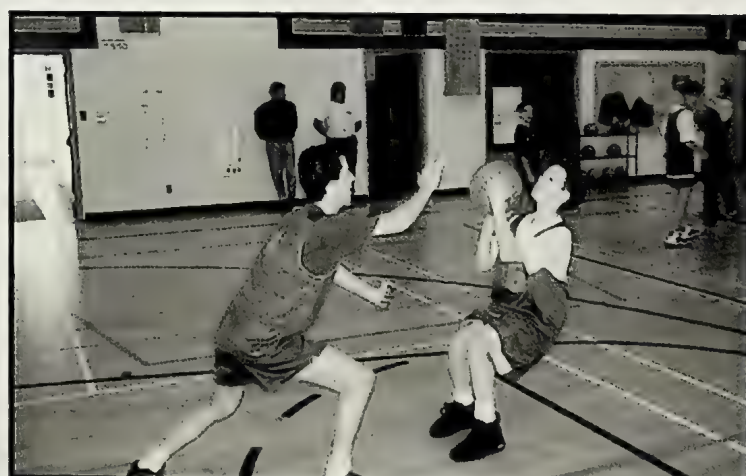

Please go in!

I'm going to go by you like the wind!

I got you now!

Spikes In The Jungle

Amber Germain

The Sr. Girls basketball did great! The team played 8 games. They won 5 and lost 3. Their best game was when they stomped Mary Butterworth by 50 points! The team consists of 11 players.

When asked who the star of the team was Mr. Thorpe answered "There are no stars. We're a no name team. Generic brand." The player who scored the most points is Kate Bouska. Way to go Kate!

The team consists of 9 grade 9's, 1 grade 8 (Jennifer Lorentz) and 1 grade 7 (Jessica Pagee). The 2 coaches were Mr. Thorpe and Mr. Hoffman. Way to go!

Junior Girls Basketball

By Mrs. Kjenner

The junior girls' basketball team had a very successful season this year.

The team participated in two tournaments. At the Rosslyn tournament, the girls, played very well and went undefeated. At the Balwin tournament the team placed second.

Both Mr. Buchynski and Mrs Kjenner enjoyed watching them very much.

Warming the bench!

Heather and Jennifer facing off!

Great deek Melissa!

Jr. Boys Volleyball

By Jason Tsang

As fall came, the Grade Seven's and Eight's have been practising hard trying to do well on the Junior Boy's Volleyball Team showing off their best moves. The team consist of 30 talented players. The team was not split in skill but according to Grade level. The Junior Boys Team have gone to a couple of tournaments. One of the tournament was the J.D. Braco. After a hard battle and playing hard the Jr. Boys surprised everyone by placing first. With more skills and confidence they placed second in the tournament. "I enjoy coaching the Jr. Boys Team this year because of their enthusiasm and willing to learn." said Mr. Thorpe.

Sr. Boys Volleyball

Jason Tsang, Mark Andriashek

The senior boys' volleyball team this year was led by Rob Horner and Alek Ozegovic and coached by Mr. Gomez and had a moderately successful year.

"The best part of being on the team is when you make a mistake everyone helps you to improve and fix the mistake" said Jason Tsang.

The boys have showed excellent sportsmanship and have represented Londonderry with their orange and blue uniform.

Yes! Mr. Gomez

"The ball was in!" roared Jason

Jr. Girls Volleyball

Jessica Hayduk

This year Jr. girls' volleyball started in early November. The team was made up of 45 grade seven and eights.

Each girl got a chance to play in at least 2 out of school tournaments and 1 in school tournament. The girls learned a lot about strategies in volleyball and the team won more than they lost. All in all the girls had a great time.

Miss Wilson, Nicki Ng and Jamie Ho look on at a Sr. girls game.

A humorous moment.

Desirae has her eye on it!

Looks kind of serious!

Sr. Girls Volleyball

Sarah Chodak

Throughout the regular season matches the girls were defeated only two out of the ten matches. On Saturday, November 21 at the zone red robin playoffs the girls finished first in their pool. They were rewarded with a silver metal and sent to the city playoffs. Unfortunately the girls were defeated early on by T. D. Baker and did not continue on into the finals.

The players of the Sr. volleyball team were, Kate Bouska, Sanja Kahlina, Melissa Blasko, Risa Dorst, Karyn Weiss, Heather Richards, Desirae Jaenen, Kerry Kendall, Jennifer Makinen, and Kornsavad Khamsaysouk. The managers were Jamie Ho and Niki Ng. The coach was Miss Wilson.

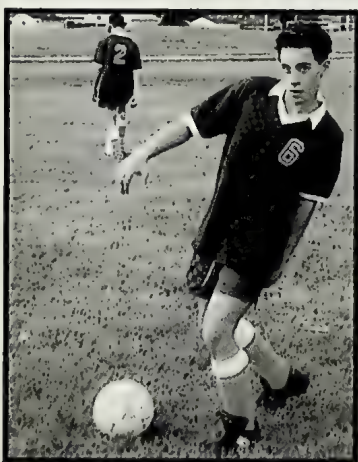

kick it through the trees

Girls' Soccer

Edited by Scott Koladich

This year the girls soccer team had a excellent year and a great season. Passing the ball and scoring were mastered by the girls and good sportsman-ship was shown throughout their games. Try-outs were held early in the month of September.

15 girls, most of which were grade nines, made the team that was coached by Mr. Blashko, our school's counselor. Unfortunately the team lost early in the playoff rounds. The girls made all of us Londonderry students proud and totally lived up to the characteristics of the Lion.

Boys' Soccer

Emmanuel Tombe

It has been a great season for the boys' soccer team. They played a total of ten games for the season, and won all the games they played for the tournament, becoming city champions after a 21 year drought from city finals. They played perfect defence each game.

In the Zone Playoffs, the boys defeated Rosslyn 4-1, advancing to Zone Finals. The Zone Finals saw Dickensfield ending with a tie 1-1, with Londonderry winning the shoot out. In the City Quarter Finals, the Lions defeated Dan Knott 3-0, in the City Semi- finals defeated Westmount 9-0, and in the City Final game they defeated Ottewell 3-0.

Tyrone Lawrence, Angela Christie, Alanna Wall, Emily Wall, Keri Ostashek, Melissa Blashko

Run, run, run, roar, run...

Edited by Scott Koladich

Once again, the running club had a strong group of grade 7 and 8 runners and a few returning grade 9's. Each runner trained twice a week and competed in meets each Thursday. The team consisted of 25 runners. There were 16 boys and 9 girls. They participated in 8 meets this year.

This year, leading the pack was Aaron Siwec and Ian Whittaker, with the two fastest times of them all. The tallest one in the pack was Brett Fixsen, who was around a towering 6 feet tall.

The city finals were held at Goldstick Park this year. We had most of the runners participating in the city finals this year

and they all ran to the best of their ability.

I think that everyone in cross country had an excellent year and I hope that next year we have the same amount of enthusiasm as we had this year.

Brett Fixen....catching a little shuteye on the run.

Melissa Blashko striding to a win!

hit it out of the jungle

Hit It Out Of The Jungle

SARAH CHODAK

Slo-Pitch. Even though the Slo-Pitch season only lasts for two months our Londonderry team seems to throw our school into a wild feeling of being the very best. Our lions were coached by Mr. Acheson and Ms. Wilson. Our team ranges in height from Brad Roesler who is the tallest to the shortest who is Greg Sales. The team consists of 15 students; 6-grade eights and 9-grade nines. There are five girls and 10 boys. This year the team won 3 regular season games and lost 1, they won the zone semi-final against Wellington but lost the zone final

against Butterworth and lost the city qualifier against T. D. Baker. So our team came back from the zone with a silver medal. Well done Londonderry Slo-pitch team!

Alek...coming or going?

The Shining Lions

Hashem Taha

This year, our track meet turned out great. Some of our students participated in it. Our school went against Mary Butterworth and Wellington school. All of the students that participated did very well on their events.

The fastest times in the hurdle event was by Cheryl Wilkes, Cathy Chan, Amanda Stubbington, Pam Reynolds, Andrew Tse, Megan Petruk, and Craig Mathewson were the best in the hurdles. It turned out great in the 400 meter relay team. Angela Chodak, Lwam Ghebariat, Kerri Ostashek, Meghan Taron, Aaron Siweic, and Brad Ulrickson did very well in the 1500 meter run.

Cathy Chan, Tasha Spychka, Melissa Blashko, and Rob Horner were the best runners in the 400 meter. In the 200 meters, the following students did well; Ala Shamseldine, Ricky Ma, Beth Tupala, Preet Bhatti. Heather Koch and Emmanuel Tombe got 1st places in the 100 meters. The highest high jump was done by Germain Mah, Brett

Fixsen, and Desirae Jaenen.

The longest long jump was done by Amber Tookey, Errin Mathenchuk, Emmanuel Tombe, Christina Chee, and Brett Fixsen, Cody Kosinski, and Aaron Moser. In the triple jump, Duran Balkaran, Ricki Ma, Chris Gignac, and Desirae Jaenen made the longest jump.

The best in the shot put were Cody Kosinski, Jon Moskal, Kate Bouska, and Aaron Moser. Londonderry school got 1st place in the Local track meet.

56 students went to the zones and did very well and they made it to the finals. In the city finals most of the students got ribbons. This was an expentional year for track.

Cheryl showing her first!

A tiresome day!

City finalists!

"First" class all the way.

Student Council

April Shelley

The 1995 School Year:

September 20 - The Welcome dance. We had a great turn out.

October 31 - The Annual pumpkin carving contest and later the dance.

November 17 - Pyjama Day

November 28 - December 2 - We had the food bank and raised almost 1000 items.

December 22 - The Christmas dance. Everyone was relaxed and waiting for a vacation.

January 11 - Questions were sent out for students to answer for Computer Cupids.

February 7, 8, and 10 - Computer Cupids were sold.

February 14 - Carnations were picked up.

February 15 - The Valentine's dance.

March 17 - Green day on St. Patrick's Day.

March - Our Spring dance. This was our first free dance.

April 11, 12, and 13 - Easter egg decorating contest.

May 10 - The campaigning started for next years council.

May 19 - Election speeches and voting.

June 14 - The last dance. It was a laser video dance.

Janelle on P.J. day.

The last dance.

Suzy's serious speech!

All smiles in the hallways.

We Care

by Patrick Nicoll

This year We Care raised over \$1000 for World Vision and Operation Eye Sight! Most of the money was raised by collecting cans but a bake sale helped a lot. Every Wednesday and Friday 12 dedicated members come to crush cans in the I.A lab. As a We Care member I found it personally satisfying to know that I was helping others.

10. Sandwiches
9. Beef Jerky
8. Puff Wheat Squares
7. Five cent Candy
6. Gobstoppers
5. Ice Cream Sandwiches
4. Pizzas
3. CheeseBurgers
2. Pop
1. Chips

For their party this year they went bowling at Fraser Bowl and then they had a pizza.

School Store

April Shelley

There were fifteen devoted people that helped Mrs Bearht with the sales at the store.

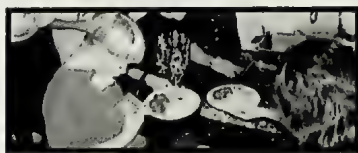

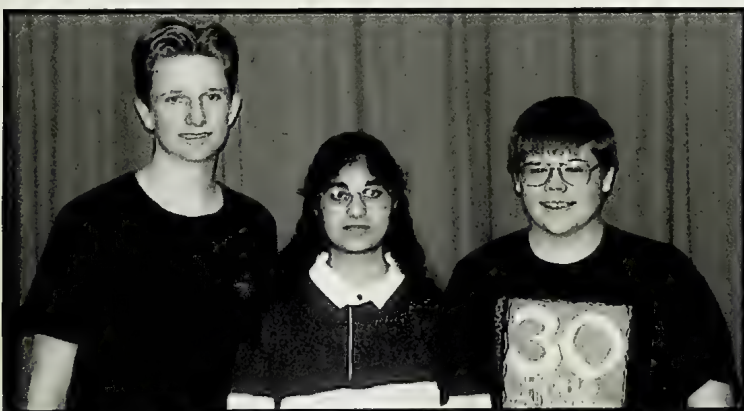

Did you ever stop to wonder what is sold the most in our small jungle? The top ten items that where sold the most are:

The We Care leaders who have been working hard all year.

Store staff working to make Londonderry a better place to eat lunch.

Crush those cans!

It's a messy job but some one has to do it.

Keeping Other Lions Happy

Jennifer Triska

This year was the first year Londonderry had Peer Coaching. What they do is simple, but yet very helpful. They assist other students in solving their own problems about school, family, friends, and anything else they are having trouble with. These helpful students are: Jennifer Dolhaniuk, Amreen Walji, Ingrid Ratzlaff, Joanna Sexauer, Aliya Rajani, and Edith Ho with Mrs. Hudson as their supervisor. All year they have been busy assisting students in the counsellor's office. "It's fun and feels good to help them" says Amreen Walji. Peer Coaching is there for students who would feel more comfortable speaking to someone closer to their own age.

Crafting Jungle Toys

Jennifer Triska

The craft club this year consists of eight students all girls. The club has been around for three years so grade sevens could do crafts while it was an option for grade eights and nines. This year they cross stitched Christmas ornaments and made Easter bunny baskets.

Environment Club

The environment club was sponsored by Mrs. Billey. Aleem Jaffer was the club leader and was responsible for leading his group on a variety of environmentally conscious projects.

OOPSIE DAISY!

Our most embarrassing moments

Amber Germain

Have you ever tripped in front of someone you were trying to impress? Or dropped your binder all over the floor, only to look up and see everyone laughing? Well you're not alone. Many others have experienced the same if not worse! We all make fools of ourselves at one time or another. We just have to learn to grin and bear it!

- "I was sitting at the very back of the movie theatre and I had snuck in a bottle of "Clearly Canadian" in the glass bottle, after finishing it I placed it on the floor. Then I accidentally kicked it. It made a loud rolling noise all the way to the front, then crashed. Everybody looked back to see who had done it, and since me and my friend were the only ones in the back everyone knew."
- "I was in science and I was kind of paying attention but not really. The teacher was asking what kind of micro-organisms we had in our petri dishes. She asked me and I said "Little white fuzzy balls with black spots on them." Everyone laughed and she asked someone else."
- "One day I was reading out loud in class and I was reading too fast and I came to the word pups and I said "pubes." After that day the guys in my class bugged me until I messed up again."
- "I was walking with my friend and we weren't watching where we were going and we walked into a slow moving car."
- "When I ran into a locked bathroom door."
- "_____ was sitting on the couch in front of the office and she got her finger caught in the hole in the arm rest. When we got it out it was blue!"
- "_____ stood up to sing the national anthem and a pair of underwear fell out of her pant leg!"
- "When I went to a baseball diamond to play, I hit the ball, and I thought it went straight up. So instead of running I curled up into a ball. I was so embarrassed when it landed right beside me!"

Some of your fellow classmates have revealed their most embarrassing moments for all to see. As you can see embarrassing things happen to everyone, so next time you fall on your face, or drop your binder just remember, nobody's perfect!

Here is some more room to your most embarrassing moment:

September

Sarah Chodak

It was the beginning of a new year and there we all were. To make things worse we had to climb out of bed a week early. There were many new faces joining us this year in the form of grade sevens and new teachers.

The year officially started off with the welcome back barbecue, which took place on September 8, 1994. During this time, 1750 burgers were cooked, 19 canisters of pop, 2000 drink boxes, 300 tomatoes, 30 lbs. of onions, and 500 servings of yogurt were served to the growling stomachs of our growing lions and their parents.

We had to say goodbye to our little Lions (the grade

sevens) as they went to Camp Maskepatoon on September 14 - 16. It was a fun filled time as they participated in canoeing, archery, and Miss. Chizen's chili.

On September 22, 1994 all of our lions joined together for the first dance of the season, the Welcome Back Dance, we were all surprised at the majority of grade seven's dancing. This year we're all dancing. Our first taste of intermursals was tug of war which took place on the 27th of September for the grade sevens and the 28th for the grade eights.

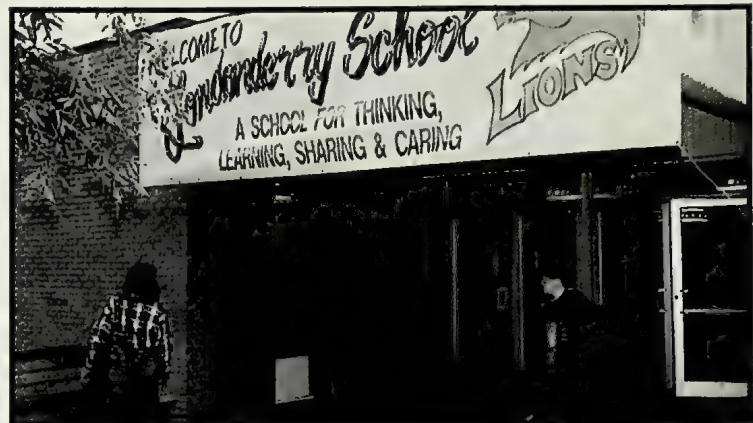

Welcome back!

Mosychuk muscle!

Happy campers!

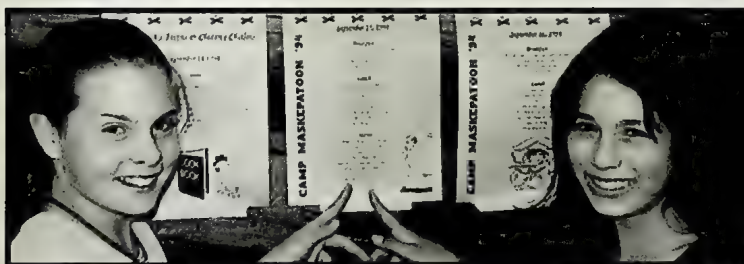

Our first dance.

Amy and Sarah...starved!

Greg and Greg packed.

We are all Here!

Howling Away

Jennifer Triska

October was an extremely busy month. On October 3rd, the Grade 9 Tug of War was held, with 9-5 as the winner.

On October 31st we had a ghoulish day with a costume contest, and ending the day was a Halloween dance where you won a free pop if you were dressed up.

Grade 7 Boy—Jordan Marling;
Girl—Sheri Smith

Grade 8 Boy—Aaron Siwec;
Girl—Meghan Taron

Grade 9 Boy—Joseph Goulet;
Girl—DesiRae Jaenen

Turkey Trot

*Hafiz Chaglani and
Ashwin Chandra*

The 9th annual London-derry Turkey Trot was underway. The students had to run the four corners as usual but this year our four corners were shortened.

The following are the winners for every grade:

The Grade 8's in the costume contest, waiting for the verdict.

Stephanie, Tom and April, selling and selling more.

Jordan Serben, yelling.

Mr. Buchanan shows his homeroom his talent.

Allen Trellevan, the Wolfman.

November

November

Micheal Sutherland

At the beginning of November the senior girls had a volleyball home game. On the 3rd there was a senior boys volleyball game at J.D. Bracco. On the seventh there was a senior girls volleyball game at Steele Heights. On the 8th there was a senior boys volleyball game at home and the girls had a game at home as well. On the week of the 14th there was a book fair, and it was also Education Week.

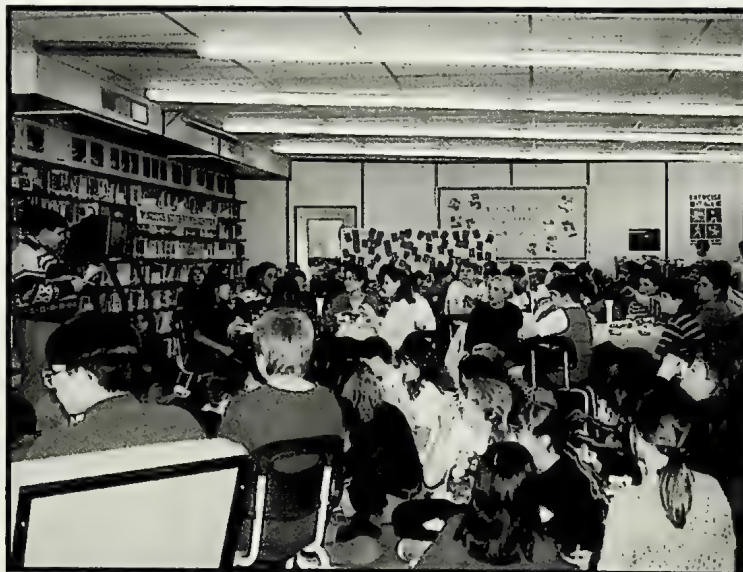

On the weekend of the 19th there was a senior boys and senior girls zone playoff tournament.

Heather and Alanna cooking up...a program?

Life on the Sidelines: tommorow, on [insert talk show name here.]

It's Positive Student Recogniton, and people are getting appreciated.

"You want some? Nah, you don't have to. Okay."

December

Trevor Flynn and Chad Forcier

December was an action packed month. One thousand items were collected for the food bank. Candygram sales were very popular, and pyjama day was too. Everyone enjoyed the fantastic and tasty Christmas breakfast.

The prize pak winners for the month of December were Amy Warren, David Loo and Curtis Winter who each received a West Edmonton Mall choice pass or a water park pass. Student council put on the Christmas Dance on the 23rd.

Christmas Breakfast

Daniel Kutryk

The Christmas Breakfast this year was a big success and all the people that attended enjoyed the great selection. Over a thousand people attended the Christmas Breakfast.

Our own resident London-derry choir all dressed up as Santas.

Peace out, man. It's the holidays.

Somebody forgot to change before they went to school.

"MMMmmm...cofffeeee..."

January

January

*Hafiz Chaglani and
Emmanuel Tombe*

January was an exciting month for all students in Londonderry School. We got off to a slow start in the beginning due to the Christmas holidays but we got used to it. In Phys.Ed, the students were getting in shape for their Annual Dance Contest to be held in February 9th.

Also, this month a selected number of grade nines had a chance to go to the hospital and find out how life is like being a patient. The students experienced how to eat with a neck protector, going on the wheelchair, and how it is like to be fed by other people. The school also had their Carnation Sales for Valentines Day. The sales started on January 30 and ended on February 6th.

The carnations were a big success; the Student Council sold over 300 carnations.

*"Patients" trying to get
their food down.*

*Mr. Thorpe coaching some
dancers.*

*Student Council, hard at
work.*

February

April Shelley

February was a slow month so not much happened. There was the annual social dance contest and the Valentine's day dance. Everyone knew that only one class from each grade could get into first place for the social dance contest, so they were excited. The next thing that happened was the Valentine's day dance.

Social Dance

April Shelley

On February 9th, everyone came out to see if their class would make first place in the dance contest. The first place winner for grade 7 was 7-6, in grade 8 the winner was 8-2, and the winner in Grade 9 was 9-7.

The Valentines Day Dance

April Shelley

The Valentine dance was one of the best dances that we have ever had this year. We had a great turn out, but for some the dance was not so great; for the first time in many years, we had people sneaking into the dance.

She's praying to the God of Dance.

"Dancin', dancin', dancin'..."

The Grade 7s, looking like they're having a blast.

'Round and 'round and 'round we go.

March

*Ashwin Chandra and
Davnesh Sharma*

March was a month which had lot's of fun activities. Some students from our music classes took part in the Night of Music, held on March 8th. One great turn out in March was the sideline basketball. There were many competitors, but we can only have one winner and that was 7-1, with 103 points.

March was also a month of great athletic achievements such as the swim meet and in Calgary and the provincial soccer championships. Students such as Amy Lock, Martin Thorne took part in these challenging events.

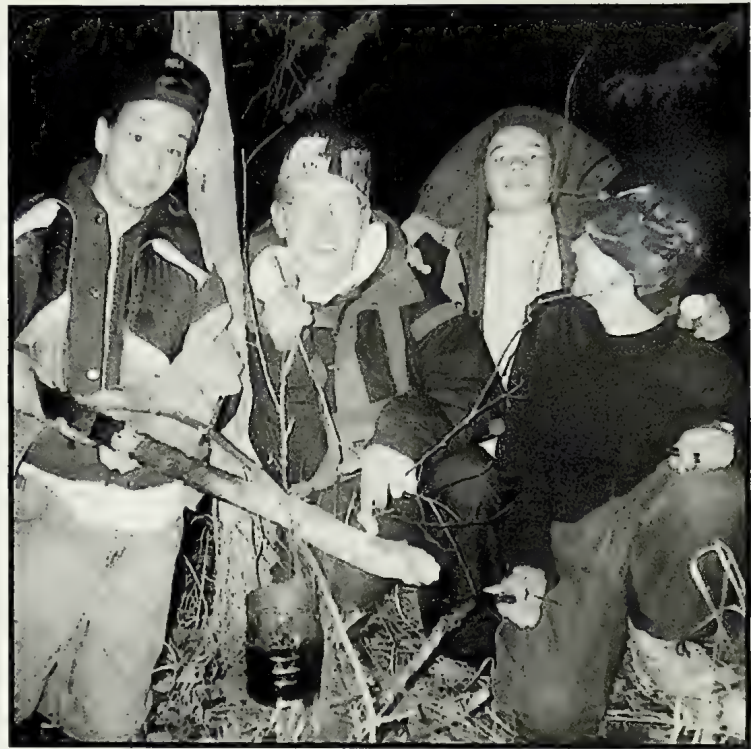

March the 23th was the departure of the trip to China and also was the outdoor education Narrow Lake Camp for the grade nines.

Soup anyone?

*Mr. Hill looking over his
entries in the Science Fair.*

*Sarah Chodak looking
rather, erm...happy after
emerging from her lean-to
at Outdoor Ed camp. I
wonder why...*

*Something's cooking with
Jamie and Matt. Popcorn,
that is.*

April

April Shelley, Chris Gignac and Scott Koladich

In April, we had our grand prize draw for the yearbook. The prizes were a Jet Boat Tour, a Compact Disk Player, a Pocket Organiser, a Polaroid Camera, and a West Ed Choice Pass. The winners were Nigel Claffey, Dubrena Myroon, Davnesh Sharma, Marlene Moreira, and Chris Gignac, respectively.

Actually, one interesting thing about the draw was the fact that mostly Grade 9's and no Grade 8's were drawn originally, and shrieks of discrimination caused Mr. Antoniuk to dig up one more extra West Ed Choice Pass, and he eliminated all the Grade 9's from the draw. Chris Gignac won.

We had our open house on the 19th. There was about 700 people that came to the open house. The yearbook gave away three T-shirts, printed by our own Mr. Antoniuk, and they read "CTS Open House 1995." At the open house, the band was giving performances in the Band room, and some students were right here in Mr. Antoniuk's computer lab, hacking out layouts and surfing the Internet.

One of the Open House contest winners in his flashy, new, T-shirt.

A tromboner, tromboning happily.

Damien & Co. working in the I.A. lab at Open House.

The bus to Jasper. If you look carefully, you can see two native denizens, the Dustin and the Ester, posing for the camera.

Mr. Antoniuk, standing proudly with one of the Prize Pak Draw winners, and Trevor Flynn, helping present the prize.

May

Daniel Kutryk, Scott Koladich and Matthew Petruk

May is one of the best months of the year just because it means the end of school and the beginning of summer. Everybody has something to do with the Grade 9s studying hard for finals and the departmentals. In May many things kept us busy, including the free dance that was sponsored by Dr. Brauer for us being such a great school.

In May, one exciting thing which happened was the Grade 7 Band Camp, at Birch Bay. The Grade 7 students had fun, I'm sure, and it lasted for a whole three days.

This month, we all wrote our HLATs; those were rather difficult for all of us, but most of us did okay.

Another thing, on May 4th, was the Fashion Show. Fashions were modelled by students from our school and it was a great success.

Special people at a special place getting special recognition.

The relay team, talking, talking, and talking.

Aaron Siwiec running for cover...er, I mean the gold.

The 1996 Students' Council candidates just before finding out the news.

June

Mark Andriashek

The month of June went really fast as school wound down for the year. We had a lot of exciting events including our Yearbook barbecue, year end dance and the Grade 9 Grad. Our year end dance was a success. The dance was real good as well as the food we all had. Graduation will be something I know none of the Grade Nines will forget! The year ended with our Finals, which were pretty tough, yet everyone got through them.

Year End Dance

April Shelley

On June 14 we had our last dance. It was a video dance. It took the majority of

the morning to set up all their equipment. The DJ told Mrs Haug and some other staff members that he likes doing the dances at Londonderry because the students are polite and they respect the equipment.

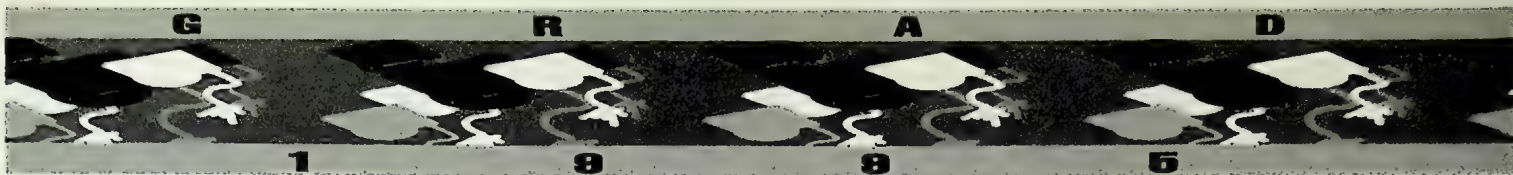

Study, study, study; finals were on all our minds.

People cramming in to the camera at the year-end video dance.

Four lucky graduates, standing outside, looking better than they ever have.

The class historians, recalling The Londonderry Years.

Grad

by Patrick Nicoll

Just like Simba, the grade nines are now true kings. 206 grads attended the graduation ceremony on Friday June 16, 1995. The preparation was supervised by Mrs. Bluett, Miss Chizen, Mr. Hill, Mrs. Bowen, Ms. Fedorak, and Mr. Kuchta. Decorations were made by 16 dedicated grade nine students. The theme was "The River", and the decorations in the gym were based on the line of the song "The River" which say "Choose to chance the rapids, and dare to dance the tides."

The evening was led by Carl Tan who was the Master of Ceremonies. Scott Thompson and Kate Bouska were voted the

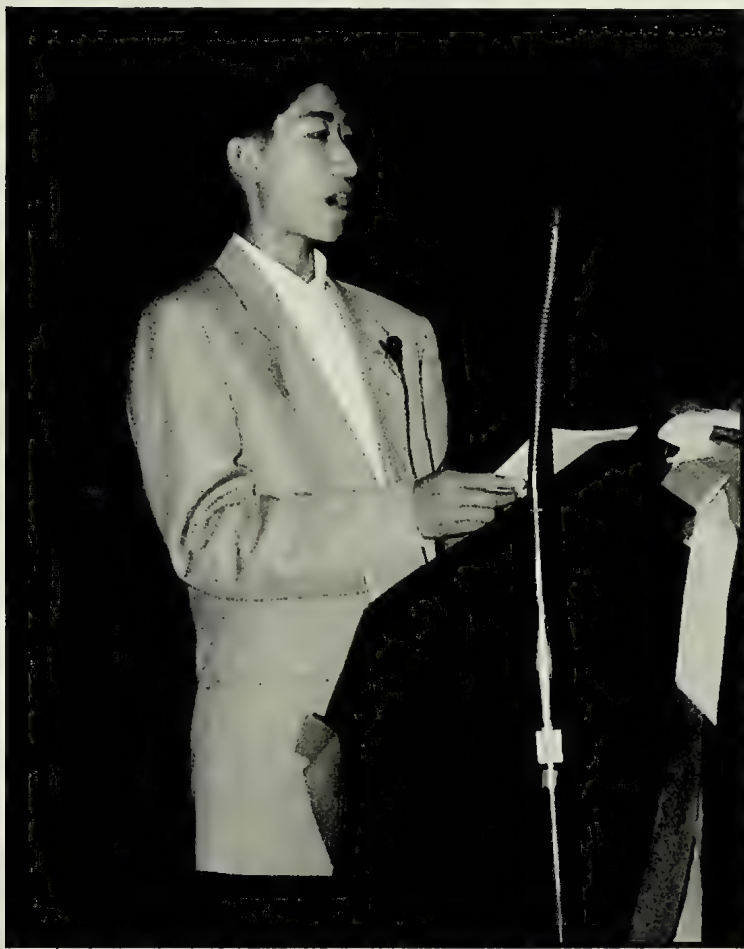

Historians by the rest of the grade nines. They delivered a hilarious speech full of memories from our three years at Londonderry.

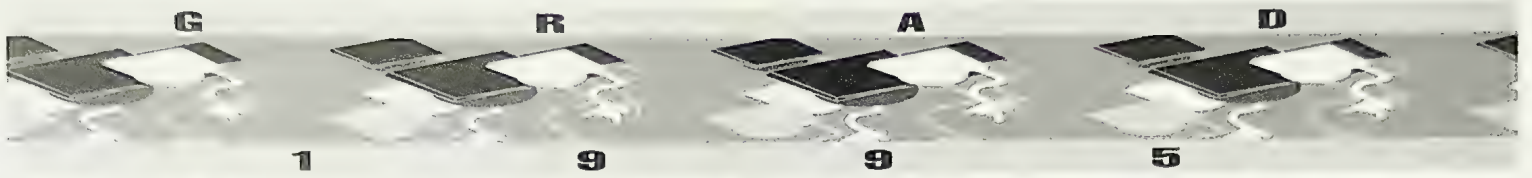

Mrs. Bluett and Miss Chizen, standing under the gateway through time.

Carl Tan, talking, introducing, and remembering.

The lovely crew of Grad artists, all in a row.

The Grads, spilling over with enthusiastic anticipation.

Positive Student Recognition

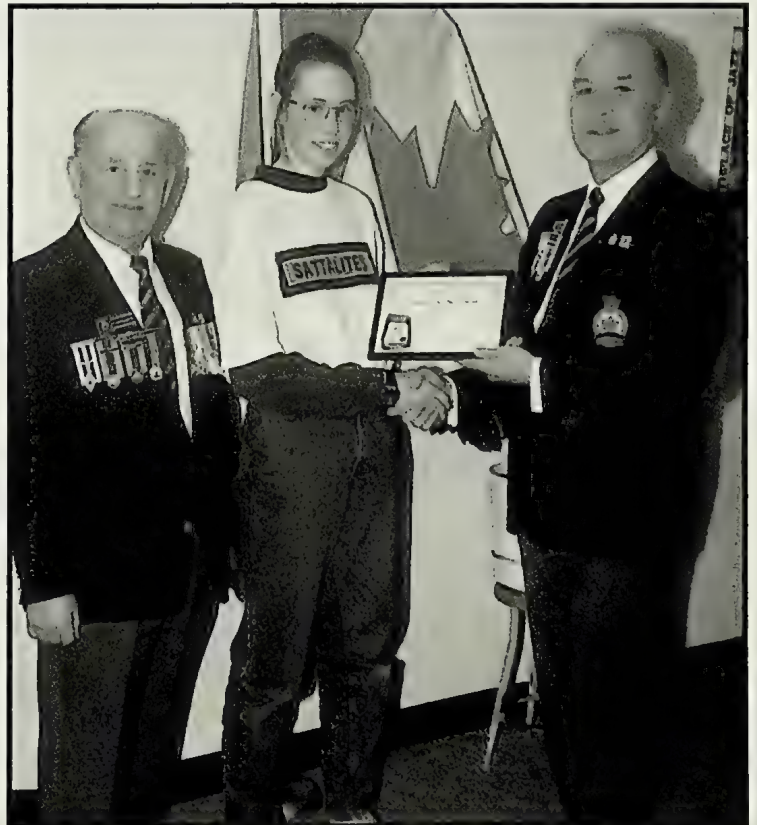

Positive Student Recognition

typed by Trevor Flynn, edited by Scott Koladich

Students are nominated monthly for positive contributions to Londonderry Junior High. Staff, parents and other students nominate students for returning lost articles, for helping keep the school clean, for service to the school and various other positive contributions.

Approximately 900 students were nominated this year and were recognised at a monthly chocolate milk and doughnut assembly in the library. Their names were posted on the Positive Student Recognition well.

Golden Lions

Golden Lions

Scott Koladich

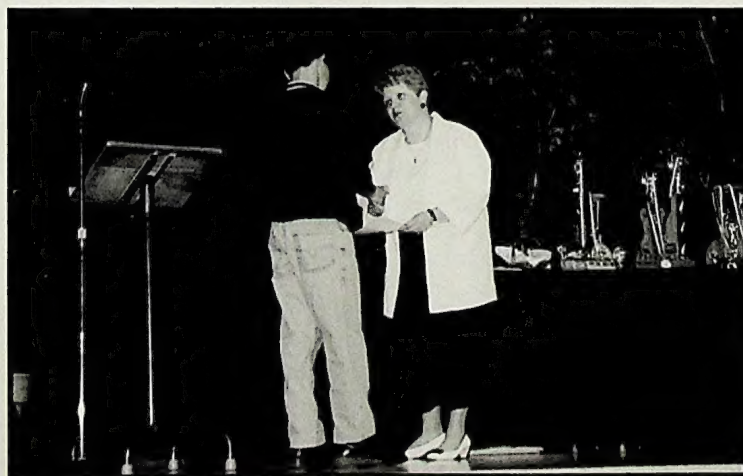

At our school, we have two awards appreciating our special students: the Golden Lion awards at the end of the year, and the Honors awards the next year.

The Golden Lion awards are there to appreciate the students which shine in certain subjects. For example, there are awards given for Math, French, Art, Band, Computers, Yearbook and most other options (including Home Economics and Industrial Arts.) The people who are the best in their class get these awards, a rose, and a specially-made pin in the shape of a lion, our school's logo.

This year, a suprising number of students recieved Golden Lion awards. There was a special day, after all the finals, reserved for the awards ceremony, and invitations were given to the people who had won awards.

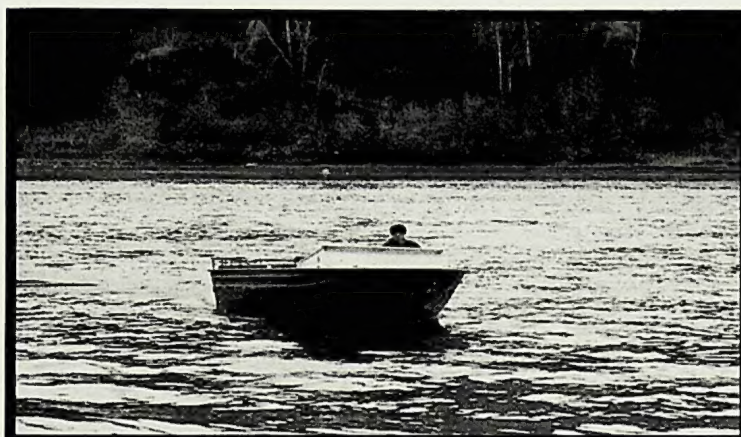

For many people, they did not know which awards they were going to win, so they were very excited about going to the ceremony and hearing their name called out in a not-yet-known subject.

The ceremony this year, held on Wednesday, June 28th, went smoothly, without interruption. They went well for all who attended.

Memories

Leanne Supeene and Jennifer Trisko

The Story Of My Grade _____ Life

Once upon a time, there was a homeroom called _____ with a ruler named _____. As me and my amigo[s] _____ tried hard to get our best mark in our worst subject, _____ while we breezed through _____, along came _____ who I instantly fell in love with. Alas, the moment was ruined by the class clown _____. But then the class flirt _____ stole my sweetheart[s] _____ away. Then came the jolly giant _____ with his/her dwarf size ally _____. They cheered me up by telling me about the best event _____ this year. Of course _____ walked by wearing the latest fashion [like always] which reminded me of the hottest fad _____ this year. Then I saw _____, the poor soul opened his/her locker and was engulfed by the torchured mouldy substances abandoned in the locker. Another case of Lockerphobia. As I was shuffling what I thought was junk in my locker I came upon a small memento of the time when _____ did _____ to _____.
